

THANK YOU

to **ALL** the **DI-S Elementary & High School staff**
for all you do to support our students and families.

Teachers, ed techs, office staff, guidance counselors, the nurse, food service staff, custodians, bus drivers, administrators and the Superintendent all play critical roles in the school experience of each and every student, each and every day.

During this unprecedented time of school closure, everyone has had to learn new ways of doing their jobs. The cooperation, collaboration, creativity, energy and dedication of our staff in supporting the learning, emotional and nutritional needs of our students is nothing short of amazing.

We are so grateful for your efforts!

The CSD 13 School Board
